**Subject:** San Juan data in SADIE? - Gold King Mine ER

Thanks John,

From the R9 perspective, we need to see the data for the San Juan River sampling locations, which all start SJ\_\_\_. I don't see them in SADIE; are they there under a different name? If not, where can I get the San Juan data?

Cheers,

ned

**Subject:** SADIE Deployment - Gold King Mine ER

All,

A new version a SADIE specifically for the Gold King ER is now deployed. This version is integrated with the popups in the Gold King Ops viewer. Region 6 is still working on migrating a Region 8 widget that further integrates SADIE with the Ops viewer.

**SADIE – Gold King Mine** (the main project to use is Gold King Mine Blowout)
